# DOODLE DEN

Make a den, pick up a pencil and explore the museum's collections through scribbling, sketching and silliness.

Let's look at the  
'There Is No Planet B'  
placard, 2019

Suitable for 7+ to adults

This placard was collected at the first Youth Climate Strike in Manchester, in February 2019. It was made by a young person who was protesting about climate change.

**Get your materials:** scrap paper or cardboard, pencil, colouring pencils (optional).

**We challenge you** to find recycled or reusable materials to do your doodling on, and follow these activities digitally instead of printing off.

**Make a den** out of things you have around the house such as the sofa, dining room chairs, a bed sheet and blankets.

Fill with comfy cushions and settle in for some Doodle Challenges...

## Doodle Challenge

Draw an outline of your home.

In each of the windows draw something you would see if you were a passer by looking in.

What interesting things have been keeping you entertained while we stay at home?

## Doodle Challenge

Draw an outline of a window in your home.

Inside the outline draw what you can see as you look out. Try and include as much detail as possible such as different colours, patterns and any wildlife.

Next, continue the lines outside the window outline and create a frame for your doodle, inspired by the patterns and colours that you have seen.

## Doodle Challenge

What would the world look like if it was ruled by children?

Doodle a cartoon strip that plays out this idea.

We want to see your doodling!

# Doodle Challenge

We can make small changes in our everyday lives to reduce our carbon emissions and protect the environment.

Here are three ideas to get you started:

1. eat less meat

2. fly less

3. recycle

Can you think of any more?

Show us some ideas by doodling:

1. meat free meals and snacks

2. alternative modes of transport

3. creative ways to reuse things that people might throw away

Be creative, the possibilities are endless!
