

I Spy ... Nature

Lots of the banners at the museum are decorated with patterns and images inspired by nature.

Step 1

Look closely at these banners. Write a list of all the images of nature you can see.

Step 2

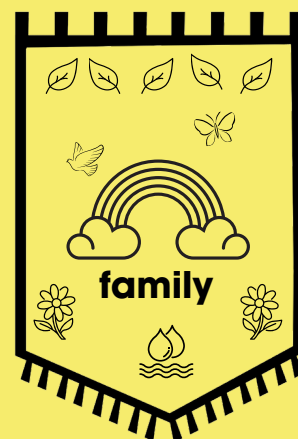

Go for a walk with your list and see how many of these images you can find.

Step 3

Record what you find by taking a photo or drawing your discoveries.

Step 4

Design your own banner on paper and decorate it with the images of nature that you found on your walk.

A banner is a piece of fabric decorated with pictures, symbols and words.

You can use a banner to show others what is important to you or something you are proud of.

Greater Manchester Campaign for Nuclear Disarmament (CND) banner, 1980s @ People's History Museum

Redhill Women's Cooperative Guild banner, 1900 @ People's History Museum

Our Children's World Held in Our Hands banner, 1996 @ People's History Museum
