

# Welcome to the Nothing About Us Without Us exhibition at People's History Museum

## Visual Story

There is sound in the exhibition space coming from the air conditioning, and from a television in the middle section, and from an installation to the left side of the room.

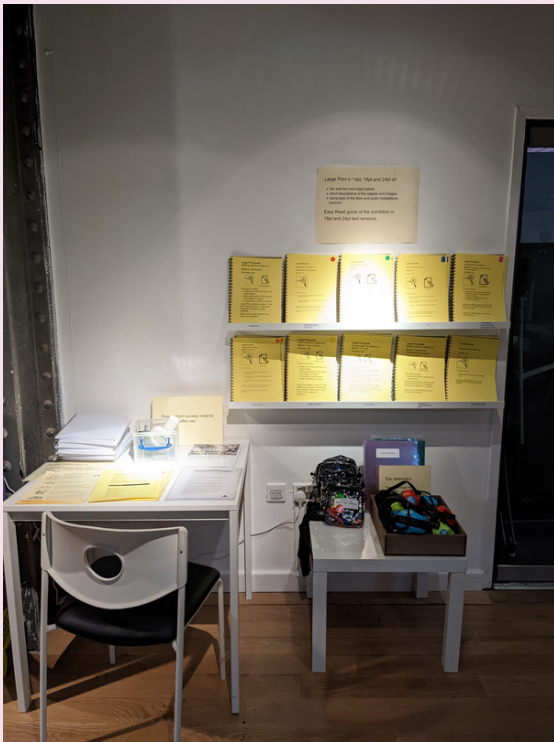

The exhibition space is on the ground floor.

The exhibition space is towards the end of the Processional Way, which is to the left of the Info Desk.

The entrance to the exhibition space is just before the glass doors to the Engine Hall, on the right.

There is a station inside the exhibition space to the left of the entrance, where you can collect access support material.

This includes ear defenders, sensory bags, Large Print guides, colour overlays, magnifiers, and transcripts of the films and audio installations.

The right side of the exhibition space includes the following sections:

- Introduction
- Disabled people fight back
- Free our people

The middle of the exhibition space includes the following sections:

- Us
- To boldly go where all others have gone before

The left side of the exhibition space includes the following sections:

- Piss on pity
- Tragic but brave
- Timeline

There is a separate room off the left side of the exhibition space which includes the following section:

- The future
